ROSES

We recommend the following to those who wish a limited number of varieties, and who desire to produce extra choice flowers throughout the summer and fall months. All have been tested and proved to be the best obtainable for our climate.

Hybrid Teas

Caroline Testout. Satin rose with brighter center. Large, full flower, and a very free bloomer.

CHRISSIE MacKELLER. Coppery yellow, overlaid with golden-rose; very free blooming.

ETOILE DE FRANCE. Velvety crimson; large and full. A strong grower and a superb rose in every way.

FRAU KARL DRUSCHKI. Pure white. Very large buds, opening to large, full flowers. Finest white rose in cultivation.

GEORGE ARENDS. (Pink Frau Karl Druschki). A beautiful variety of recent introduction, producing immense flowers of a delicate rose color. Deliciously scented.

KAISERIN AUGUSTA VICTORIA. Pearly white, tinted with lemon in the center. Beautifully formed flowers on long stems.

KILLARNEY. A sparkling, brilliant pink. Flowers are large, and buds long and pointed. A strong and vigorous plant.

MISS KATE MOULTON. Very beautiful shell pink.

PRICE:—Any of the above, \$.90 each; \$7.50 per 10.

Hybrid Perpetuals

BARONESS ROTHSCHILD. Pale satiny-rose; very large flower.

HUGH DICKSON. Brilliant crimson, shaded scarlet; Finest of all crimson varieties.

MRS. JOHN LAING. Soft pink; very large, and of fine form.

PAUL NEYRON. Deep rose. Immense flowers; strong and hardy.

ULRICH BRUNNER. Cherry red; of immense size, and most effective. A superb rose of vigorous growth which should be in every garden.

PRICE:—Any of the above, \$.90 each; \$7.50 per 10.

Hardy Climbing and Trailing Varieties

AMERICAN PILLAR. A single flowering variety of a lovely shade of pink, with a clear white eye.

DOROTHY PERKINS. Soft shell pink, flowering freely in large clusters.

WHITE DOROTHY PERKINS. A white form of the above. Probably the best white climber there is.

HIAWATHA. A single flowering rose; deep carmine with a clear white eye.

LADY GAY. One of the best of the climbing roses, bearing large clusters of soft pink double flowers.

LA FIAMMA. Large clusters of flame-colored flowers, borne on long stems. Single.

LUCILLE. Double blooms of a delicate flesh-pink tinged with rosy-salmon, produced in large clusters.

TAUSENDSCHON. This climbing rose stands at the head of those best adapted to our climate. Its flowers, which are of a beautiful shade of soft pink, are about two inches across, and borne in large clusters. Foliage is very glossy, and does not mildew.

TRIER. A lovely double creamy white, with yellow anthers. Bushy in habit.

PARADISE. Single. Beautiful shade of pink with white center. Very vigorous grower.

WICHURAIANA. Beautiful fragrant single pure white flowers.

NOTE—The above are two-year-old Roses, grown one year in the open ground and one year in pots. They will be sold from five and six inch pots.

Price:—Any of the above, \$1.00 each.
